*La valeur nominale maximale des positions ouvertes pour l'USDCLP est de 1 million d'euros.

Commentaires :

1. Pour les utilisateurs de la plateforme de Trading MetaTrader, la valeur de la marge calculée pour les positions de couverture est une moyenne des valeurs des marges calculées de ces positions.
2. Pour les utilisateurs de la plateforme xStation, la valeur de la Marge calculée pour les positions de couverture est la valeur de la Marge calculée pour acheter ou vendre des Positions Ouvertes. La marge requise appliquée à ces positions ouvertes (acheteuses ou vendeuses) sera la marge la plus importante.
3. La Valeur Nominale Maximale du Portefeuille, telle que spécifiée dans les Conditions Générales, s'applique à toutes les positions ouvertes détenues par le Client pour l'ensemble des comptes de trading lui appartenant, à l'exception des positions sur les CFD Actions, les CFD ETFs, les Actions Synthétiques.
4. Les valeurs nominales des positions individuelles, qui constituent le portefeuille du Client, sont converties en Euro sur la base des taux XTB à intervalles réguliers tout au long de la durée de vie de chaque position.
5. Le client a la possibilité de choisir le palier de Valeur Nominale Maximale du Portefeuille tel indiqué dans le tableau ci-dessus. Si l'ouverture de nouvelles positions entraîne un dépassement de la Valeur Nominale Maximale du Portefeuille, ces positions ne seront pas ouvertes.
6. La valeur nominale prise en compte pour les positions hedgées est la valeur nominale de la position d'achat ou de vente qui est la plus élevée.
7. S'il existe une suspicion justifiée que les comptes sont gérés par une seule et même personne ou un groupe de personnes connectées entre elles, les comptes se verront attribuer une Valeur Nominale Maximale Commune du Portefeuille.
8. Pour les utilisateurs de la plateforme de Trading MetaTrader, le changement de palier de la Valeur Nominale Maximale du Portefeuille, entraînant un changement de la Marge requise, affectera toutes les positions ouvertes, y compris les positions ouvertes avant les changements.
9. Pour les utilisateurs de la plateforme de Trading xStation, le changement de palier de la Valeur Nominale Maximale du Portefeuille, entraînant une modification de la Marge requise, s'appliquera aux nouvelles Positions Ouvertes seulement. La Marge pour les Positions Ouvertes avant les changements mentionnés reste inchangée.
10. Si la proportion du pourcentage Actions/Marge (le niveau de marge) est inférieur à 100 % et qu'au moins une position est ouverte dans le compte du client, en fonction de la plateforme de négociation qui traite l'ordre du client :

- a) l'exécution d'un nouvel ordre n'est pas possible - sur la plateforme de négociation xStation ;
 - b) l'exécution d'un ordre inversé n'est possible que si la marge libre devient positive lors de sa conclusion - sur la plateforme de négociation Meta Trader.
11. Les marges requises à l'ouverture des transactions se réfèrent aux CFD Actions, aux CFD ETF :

Marge 20%
